#### Pepper

Maximum shooting range is 6 meters

#### Restraint

Maximum shooting range is 6 meters

#### Data Function

Shooting data is recorded in the battery, which can be downloaded by HUSHA App, >2000 records

#### Tactical Lighting

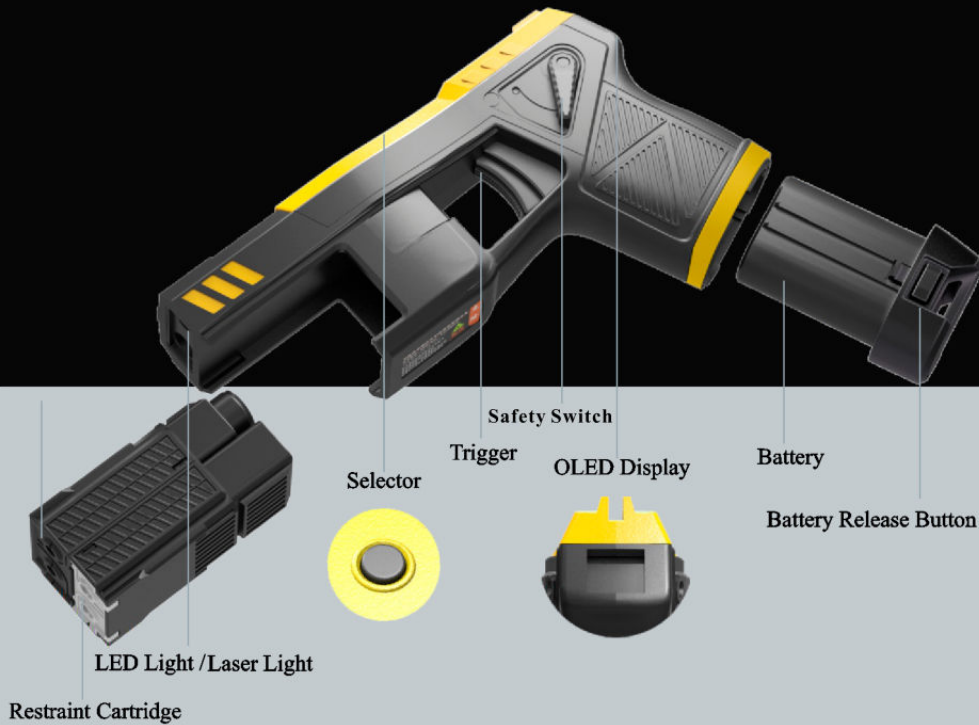

>350Lm, 200ms, under low light situation

### Specification

- ▶ Product Model: PX400
- ▶ Dimension: 191mm\*124mm\*45mm (with battery and cartridges)
- ▶ Weight: <450g (with battery and cartridges)
- ▶ Information Display: battery level, LED status, laser status, cartridge type and status
- ▶ LED Lighting: auxiliary lighting  $\geq 200\text{Lm}$ , flash lighting  $\geq 200\text{Lm}$ , 9Hz.  
tactical lighting under low light situation  $\geq 350\text{Lm}$ , 200ms
- ▶ Maximum Range: 6 meters (pepper cartridge), 6 meter (restraint cartridge)
- ▶ Pepper:  $6\pm 1\text{ml}$ , OC  $\geq 1.5\%$ ,  $\geq 200000\text{ SHU}$
- ▶ Restraint: Rope strength  $\geq 800\text{N}$ , initial speed  $\geq 50\text{m/s}$
- ▶ Rechargeable Battery: 7.4V, 1400mAh, Type-C
- ▶ Working Temperature:  $-20^{\circ}\text{C}$ - $55^{\circ}\text{C}$

## Any Combination, Free Switching

You can load 2 cartridges in any combination at the same time.  
You also can switch which cartridge to deploy first if needed.

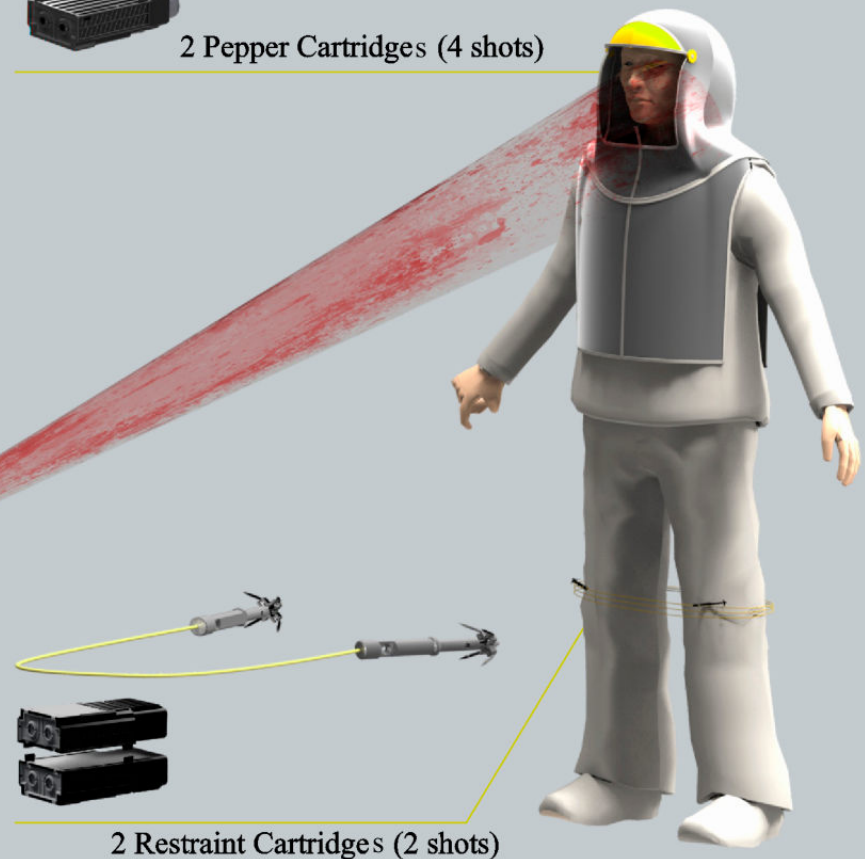

## Creative Design, Dual Tactics

Integrating pepper and restraint in one device,  
Providing law enforcement officers with more tactics to deal with complex situation

2 Pepper Cartridges (4 shots)

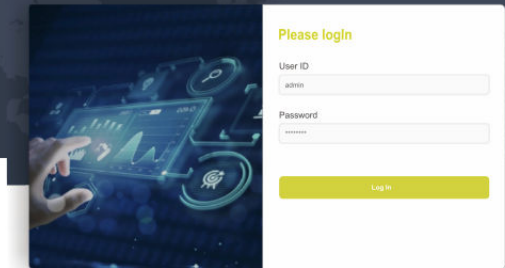

## BWC Activation

HUSHA PX400 has built-in Bluetooth module. When the safety switch is turned on, Bluetooth signal will be sent out to activate body worn camera nearby into record mode, to ensure law enforcement evidences are recorded in time.

**HUSHA  
(APP)**

Body-Worn Camera

Built-in Bluetooth Module

## Data Function
